**Time Equities Inc. Art-in-Buildings is pleased to announce the newest exhibition at the West 10<sup>th</sup> Window: MaryKate Maher, *Portable Landscape*.**

Using sculpture and collage, Maher's installation in the West 10th Window creates an imagined abstracted setting. In her ongoing titular series, Maher deconstructs landscapes into forms and planes, arranged in space so that they change as the viewer moves. She draws inspiration from locations affected by extreme climates, where colors are born from high acidity or levels of air pollution.

*Portable Landscape* evokes Giorgio de Chirico's metaphysical paintings by drawing on sharp contrasts between light and shadow, and Constantin Brancusi's *Bird in Space* through its emphasis on movement over object. Merging the two and three dimensional planes, Maher plays with color, light, form, and movement to reconfigure the environment of the West 10th Window.

MaryKate Maher (b. 1979) lives in Brooklyn. She received her MFA from the Pennsylvania Academy of the Fine Arts, Philadelphia, 2004, and her BFA from Arcadia University, Philadelphia, 2001. Honors and awards include fellowships from the MacDowell Colony, Yaddo, New York Foundation for the Arts, Socrates Sculpture Park, Skowhegan, A.I.R. Gallery and Franconia Sculpture Park. Exhibitions include A.I.R. Gallery, NY, The Pennsylvania Academy of the Fine Arts, PA, Tiger Strikes Asteroid, NY, NurtureArt, NY, Franconia Sculpture Park, MN, among others.
